

INFORMATION SHEET

Strengthening Care for Children (SC4C) CPD activities

The Strengthening Care for Children (SC4C) project will run in your practice for 12 months. The model will involve:

- **weekly GP-Paediatrician co-consulting sessions** for 6 months, followed by fortnightly co-consulting sessions for another 6 months.
- **monthly 60 minute in-practice case study discussions**
- business day **email and phone support** to participating GPs

STRENGTHENING
CARE FOR CHILDREN

1. GP- Paediatrician co-consultations

40 x CPD Accredited Activity Points (formerly CAT 1): Supervised Clinical Attachment (SCA)

GP- Paediatrician co-consults provide an opportunity for a Supervised Clinical Attachment (SCA). SCA is an opportunity for GPs to use the supervised environment to investigate, learn and improve knowledge and skill in a manner that is unique to them. It is designed to provide an individualised and hands-on learning experience, where the scenarios and problems come in the form of real cases.

Structure of SCA :

Contact hours can be delivered face to face or in a combination with other media such as video-conferencing, case study discussion over phone or email.

Criteria specific to SCA activity:

- minimum of 10 hours contact with supervisor
- name and qualifications of supervisor to be recorded
- session summaries including details of sessions using de-identified patient data

Each co-consulting session should be 30mins duration. These sessions can be accumulated towards the minimum 10 hours contact with supervisor. The duration of other media sessions, as noted above, may also be accumulated towards minimum 10 hours (if applicable)

Recording:

This activity will be recorded as a **self-directed CPD Accredited Activity**.

This activity has not been accredited with RACGP for CPD points by the Provider on your behalf

See Appendix A for instructions on “How to record self-directed CPD Accredited Activities”.

Follow login steps for *self directed log* (noted in Appendix A)

- a. Select “**Supervised clinical attachment**” heading/link to access required forms
- b. Download **Resource**
 - a. *SCA Guide* - to familiarise yourself with SCA requirements
 - b. *SCA Template* - log for recording the activity

Submitting:

Once activity is finished and log completed, follow “How to record “steps to lodge notification. This involves completing online application form and attaching completed template/log.

2. Monthly (60mins) case discussions

12x2= 24 CPD Activity Points (formerly CAT 2) : Provider- led CPD activity

Paediatrician- led case discussions will be held monthly (60-minute duration) at the GP practice. GPs and other allied health clinicians are invited to discuss paediatric cases.

These case discussions provide an opportunity for all clinical staff to discuss and review cases with a paediatrician to learn and improve knowledge and skills regarding paediatric management.

Criteria for case discussions:

- SC4C participating GPs are required to attend each monthly meeting.
- record attendance at each meeting
- completion of an evaluation form post – session

Recording:

This activity will be recorded as a **Provider-Led CPD Activity**.

This activity has been accredited with RACGP for CPD points as a Provider-Led CPD Activity. The Provider (CESPHN) will submit on your behalf.

Submitting:

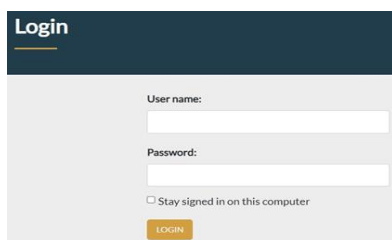

Upon completion of each monthly activity, CESPHN (within four weeks) will upload your attendance for allocation of your points, after which the points will appear on your CPD statement

Additional information can be sourced from [RACGP](#) following login

INFORMATION SHEET

APPENDIX A: How to record self-directed CPD Accredited Activities (March 2021)

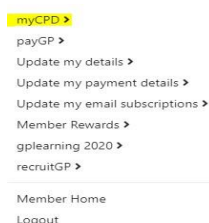

1. Login to your RACGP dashboard at <https://www.racgp.org.au/login>

2. Click on 'My Account' in the top right-hand corner of the page

3. Select 'myCPD' from the dropdown menu

4. Click on 'Log' in the white bar at the top of the page

5. Click on 'Self-directed log' in the navy bar at the top of the page

6. Under the 'Submit a self-directed CPD Accredited Activity (formerly Category 1)' heading, select and complete the relevant form, based on the type of self-directed education you have completed. Each of these activities provides you with 40 CPD Accredited Activity points

Submit a self-directed CPD Accredited Activity (formerly Category 1)

Please do not proceed with submitting this education as a self-directed activity if it is already accredited with the RACGP for CPD points. The points will be allocated by the Provider on your behalf within 4 weeks of completion.

You can self identify activities that are not accredited by the CPD Program. This provides you with increased flexibility and choice, and acknowledges the value of a diverse range of educational activities, on an individual basis. Refer to the forms below if you would like to submit a CPD Accredited Activity. Each activity is worth 40 CPD Accredited Activity points.
