

## RHW MFM Fetal Referral Phone

# FETUS PHONE 0437 537 448

The Maternal Fetal Medicine department at the Royal Hospital for Women has a direct call mobile number for **clinician referral** of women requiring outpatient MFM consultation.

Referrals via the 'fetus phone' may include women with suspected fetal anomaly, fetal growth restriction and complications of multiple pregnancy such as Twin to Twin Transfusion syndrome.

One of our senior MFM clinicians will now carry the 'fetus phone' Monday to Friday during office hours (**0900-1600hrs Monday – Friday**).

Once you have spoken with the MFM clinician and we have received your referral via fax, we will contact the patient directly to arrange the most appropriate appointment date.

The referral fax should include blood results, ultrasounds and previous investigations.

We hope this makes referral for this group of women easier for you.

Should you have any questions please do not hesitate to contact us

Other contact details:

MFM general enquires and reception: 02 9382 6098

MFM Fax: 02 9382 6038

**Please note:**

- **The 'fetus phone' number is for medical and midwifery referrals only and should not be given to the woman you are referring; it is not our general enquiries number.**
