

## **ASHM's Taskforce on BBVs, Sexual Health and COVID-19**

The taskforce provides a timely opportunity for the BBV and sexual health sectors to discuss the scientific, clinical, BBV and sexual health service delivery and social implications of COVID-19, and provides consistent and evidence-based messaging to the health workforce, sector partners and community.

Bulletins from the Taskforce are issued weekly on Thursdays, as well as urgent updates when deemed relevant to the sector. If you want to provide feedback or have any questions regarding the Taskforce please email [taskforce@ashm.org.au](mailto:taskforce@ashm.org.au).

### **Clinical Care Updates - Interim Recommendations regarding COVID-19 and BBVs**

The documents below are designed to provide, relevant information to clinicians and other healthcare providers to optimise the health and wellbeing of adults living with HIV and adults living with chronic hepatitis B and chronic hepatitis C, including those who are incarcerated in the Criminal Justice Setting during the COVID-19 pandemic.

- [ASHM COVID-19 Taskforce interim recommendations regarding COVID-19 and adults living with HIV](#)
- [ASHM COVID-19 Taskforce interim recommendations regarding COVID-19 and adults living with chronic hepatitis B](#)
- [ASHM COVID-19 Taskforce interim recommendations regarding COVID-19 and adults living with chronic hepatitis C, or the complications of previous hepatitis C infection](#)
- [ASHM COVID-19 Taskforce interim recommendations regarding people who are incarcerated in Criminal Justice Settings during the COVID-19 pandemic including those who are living with HIV, hepatitis B and hepatitis C](#)

For further information, outputs and resources please refer to the [ASHM COVID-19 Taskforce](#) website.
