

rpavirtual Eating Disorders Connect (vE-Connect) RPA Virtual Hospital

rpavirtual Eating Disorders Connect -

What is it?

rpavirtual Eating Disorders Connect (vE-Connect) is a single point of contact for clinicians and other providers caring for people with Eating Disorders.

vE-Connect will provide support for service navigation and bridging the gap between the Sydney Local Health District's (SLHD) internal and external partners and services.

Is my patient eligible?

vE-Connect is available to clinicians and other providers caring for patients:

- With a suspected or diagnosed Eating Disorder
- AND who are aged 16 years and older
- AND who live in the catchment area of SLHD with suspected or diagnosed Eating Disorders

Referrals to vE-Connect can come from:

- General Practitioners
- Emergency Departments
- Community based healthcare professionals, including Dietitians and Clinical Psychologists
- Inpatient teams
- Community Mental Health Services

What is provided?

vE-Connect is a service to support clinicians and other providers who care for people with Eating Disorders.

It will:

- Be a central point of contact
- Provide education about services across the health system for people with Eating Disorders
- Facilitate referrals to services for people with Eating Disorders within SLHD
- Support for private, non-government organisations and local services to bridge the gap between services and pathways across all services
- Timely access to an Eating Disorder Multidisciplinary Specialist team for complex case discussion when clinically indicated
- Timely access to advice and integrated care pathways to reduce Emergency Department presentations.
