GP ANSC Program: CPD and other resources

CPD Activities

These activities are accepted as part of the ongoing educational requirements for General Practitioners (GP) in the GP Antenatal Shared Care Program (ANSC). Please send evidence of completion to ansc@cesphn.com.au

Note: Courses are subject to change. Access to some websites require log-in details and/or associated costs.

GP ANSC eNewsletter

The ANSC program eNewsletter is circulated quarterly and contains up-to-date information and resources about the three ANSC programs in the CESPHN region. The newsletter is the main way to provide GPs with important information about the ANSC programs. Any urgent or critical updates are sent in addition to the quarterly ANSC eNewsletter.
