

Multicultural Health Navigator Service

Helping people from multicultural communities to navigate health and support services.

Our Bilingual Health Navigators support people one-on-one to understand the health and social systems, find the right services, and connect with local help.

Get in touch to learn how we can support you or someone you care about.

Languages: Mandarin, Cantonese, Arabic, Korean, Nepali

We help by reducing barriers caused by language, isolation, or unfamiliarity with services.

We can assist with:

- Physical and mental health services
- Housing support
- Financial counselling
- Employment services
- Gambling harm support
- Social connection and wellbeing

Referrals welcome from individuals, families, general practice, and services.

Locations

Canterbury, Strathfield, Burwood, Ashfield, Rockdale, Kogarah, Hurstville
