Medicare Urgent Care Clinics

Activity Aim

Urgent Care Clinics (UCCs) are intended to provide short term episodic care for non-life-threatening urgent conditions requiring same day assessment or treatment. These health services aim to reduce pressure on nearby hospital emergency departments and redirect patients to primary care as appropriate. CESPHN now has four Commonwealth-funded UCCs in our region. Maroubra commenced in July 2023, and Carlton transitioned from a State-funded UCS to a Commonwealth-funded UCC in July 2024. Marrickville UCC and Burwood UCC opened in December 2025.

Description of Activity

1. Provide timely treatment for urgent non-life threatening conditions.
2. Provide safe and quality treatment to patients.
3. Deliver coordinated and integrated care for UCC patients.
