The National Eating Disorders Collaboration (NEDC) invites you to the next National Strategy Implementation Forum, 'ED Safe in Action: First 2000 Days and Beyond'. This forum will explore how the Eating Disorder Safe Principles can be put into action across the settings that shape people's experiences of health, food, minds and bodies.

The forum will include practical examples and shared learnings, alongside the official launch of NEDC's Eating Disorder Safe First 2000 Days Implementation Plan.

Wednesday 21 October 2026
12:00–1:00 pm AEDT | Online

The Eating Disorder Safe Principles are an initiative of the National Eating Disorders Strategy 2023–2033, providing a shared foundation for preventing eating disorders and reducing harm.

Whether you are new to ED Safe or building on existing work, join the conversation and explore how the Principles can support safer messaging, culture and practice.
